

HOUSE OF COMMONS
LONDON SW1A 0AA

The Rt Hon Elizabeth Truss MP
Secretary of State for Foreign, Commonwealth and Development Affairs
Foreign, Commonwealth and Development Office
King Charles Street
London
SW1A 2AH

1 October 2021

Dear Liz Truss,

We write in solidarity with imprisoned Bahraini academic and human rights defender Dr Abduljalil AISingace who has been on [hunger strike](#) since 8 July 2021, losing over 20kg and has been hospitalised since 18th July 2021. He is protesting persistent mistreatment by prison authorities and demanding a book he wrote in prison on Bahrain's culture and dialects, to which he dedicated four years of research, be returned, following its confiscation in April 2021.

AISingace has spent over 10 years in prison since being [sentenced to life](#) for his peaceful activism during Bahrain's 2011 Arab Spring uprising. The Bahrain Independent Commission of Inquiry [documented](#) severe torture against AISingace following his arrest and UN experts and rights groups have reported [mistreatment and medical negligence](#) throughout his imprisonment. The UN Human Rights Committee has [warned](#) that the national security law used to convict AISingace is used to persecute "human rights defenders and activists."

[16 rights groups](#), [101 global academics](#) and numerous [British parliamentarians](#) have called on Bahrain, a close UK ally, to meet AISingace's demands and order his release. Yet despite calling for the release of prominent human rights defenders imprisoned by hostile states, the UK government has made no substantive statement, instead [repeating](#) false assurances from Bahrain about his case.

This silence risks emboldening Bahrain in their criminalisation of peaceful dissent and torture of dissidents. The UK government must condemn Bahrain's persecution of AISingace, call for the return of his intellectual property and immediate and unconditional release. This miscarriage of justice must end.
